Roosevelt Will Likely Accept Hoover's Offer

Indicated At Albany That President-Elect Will Go To Conference

WAR DEBT ISSUE IS BIG QUESTION

Roosevelt May Demand To Know If Administration Has Made Any Promises

By RAYMOND I. BORST
International News Service Staff Correspondent

ALBANY, N. Y., Nov. 14.—Although he remained in seclusion at the executive mansion, President-elect Franklin D. Roosevelt let it be known that he would reply late today to President Hoover's invitation to the White House to confer on international debts.

While Mr. Roosevelt gave no intimation of the nature of his reply, his close associates indicated he would accept the invitation.

Although he has completely recovered from the cold which has kept him in bed since last Thursday, Governor Roosevelt planned to remain incommunicado at the executive mansion until tomorrow. All efforts to get in touch with the President-elect concerning President Hoover's invitation were futile.

Will Accept Offer
Through his secretaries, Mr. Roosevelt sent word to newspapermen that the "lid is on," and that he would see no one until tomorrow. It was reported, however, that the Governor planned to begin the drafting of his reply to the President-elect some time today and that it (Continued On Page Two)

Fall From Truck Fatal To Man In City Worker's Crew

Tony Pulaski, aged 45, an employee of the city under the supervision of the mayor's relief committee, was fatally injured about 7:15 o'clock this morning, dying a short time later in the New Castle hospital, when he fell from a city truck enroute to Gaston park, Cunningham and Arlington avenues. His death was due to a probable fracture of the skull.

The truck, one of the smaller type, being a Ford, was driven by Mike Casaccia, 312 East Lutton street, a city employee, and was attached to the department of parks and public buildings. In the front seat with Casaccia was Owen P. Fox, 716 Emerson avenue, another city employee.

Neither of these men knew that Pulaski was on the rear of the truck until the accident occurred. In the rear part of the truck was a box. Three men were seated on it, Antonio Gadzakko, 1512 Hanna street; Ed Jones, 445 Court street, and Tony Pulaski, all employees of the city through the medium of the mayor's relief committee. They were seated with their backs to the men on the front seat of the truck. According to Gadzakko and Jones, Pulaski got on as they were leaving the city tool house.

League Disarmament Buildings Heavily Guarded Fearing New Outbreaks

(International News Service)
GENEVA, Nov. 14.—The principal cities of French Switzerland took on the appearance of armed camps today, following the explosion of a bomb at the Lausanne town hall last night, seriously injuring five persons. Authorities said they suspected communists were responsible for the bombing and admitted they feared further outbreaks tonight.

Meanwhile, Carl Herreshoff, of San Diego, Cal., a medical student at the University of Geneva, was held incommunicado in the Saint Antoine prison following his arrest on charges of striking police and insulting the Swiss army.

May Be Deported
Herreshoff, whom the American consulate believes to be less than 18 years old, faces either imprisonment or deportation.

The American consul said he would try to visit the youth during the afternoon. He was arrested for a detail of 3,000 soldiers maintaining martial law during the burial of the 12 citizens killed in the machine-gunning last Wednesday. Twenty-two soldiers charged with refusal to obey orders were imprisoned.

Minnesota Police Hold Suspect In Slaying Of Couple

Nephew Being Held As Suspect In Killing Of Indiana Couple

(International News Service)
VIRGINIA, Minn., Nov. 14.—Indiana authorities were expected to return John Moore, 26, to that state as a suspect in the murder of his uncle and aunt, Mr. and Mrs. Charles A. Moore of near Pennville, Ind. Moore was arrested at Tower, Minn., 25 miles northeast of here, last night. He professed surprise at the death of his uncle and aunt and declared he had known nothing of the double slaying.

Ann Angus, with whom Moore was visiting in Tower, also was taken into custody, pending investigation. Information that turned suspicion toward Moore, a nephew of the couple, was furnished to Prosecutor James R. Enshwiler of Blackfoot county by two transients who had ridden the roads with young Moore from Fort Wayne, Ind., to Hartford City, Thursday morning.

They were W. F. Moore, 48, of Bay City, Mich., and Morris Finch, 66, of Ravenna, O.
These two men informed the prosecutor at Hartford City that young Moore had told them he was going to his uncle's farm near Pennville to get his car and some money at a Pennville bank.

Fund Total Is Raised To Over \$50,000 Today

Campaign Of Community Chest And Mayor's Relief Is Brought To Close

WORKERS PRAISED FOR LOYAL SUPPORT

Although the \$65,000 goal which had been set at the start of the United Community Chest and Mayor's Relief Fund, was not reached today, those who have been in charge of the campaign expressed themselves as well pleased with the final result when today's total of \$1,667 raised the aggregate amount to \$50,716.

Because of economic conditions this was deemed a remarkable showing, and when the results were analyzed by Lewis Wells of the campaign organization, the workers felt all the more gratified.

More Contributors
There were far more contributors to the two funds this year than there were last, and in a majority of cases those who had previously given to the chest increased their amount. However, it was pointed out that the failure to attain the goal was due to a great number who had previously given refusing this year, either because they were unable to do so because of economic conditions or through lack of the proper community spirit.

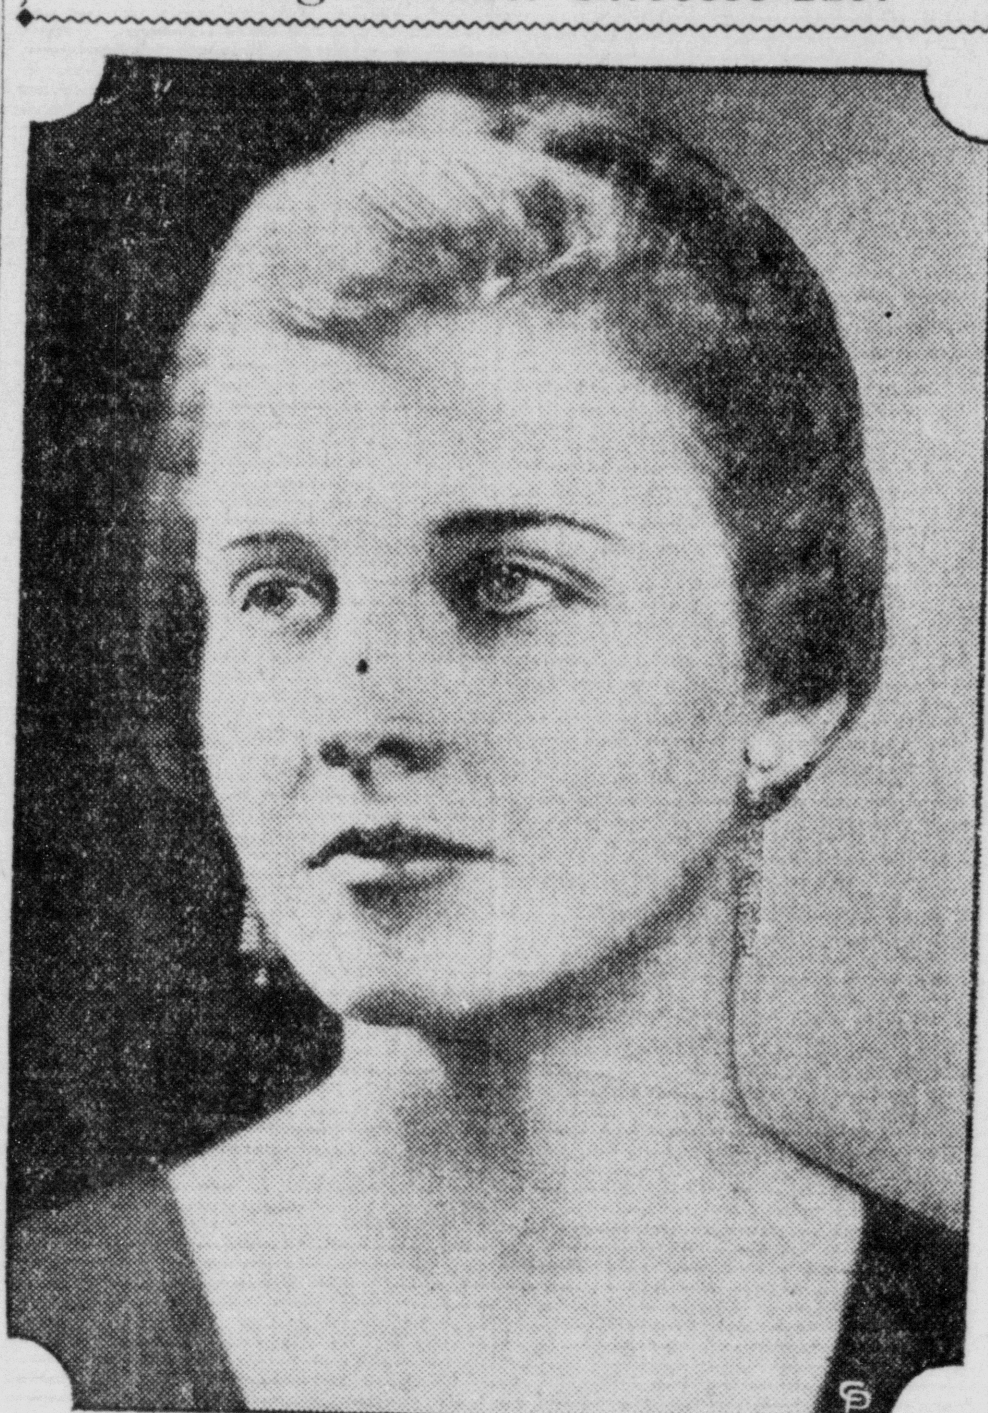

In closing, a number of those who have been close to the campaign were asked to express their opinions, and responses were made by Dr. C. G. Bennett, J. Clyde Gilfillan, Marcus Feuchtwanger and Mrs. Grace Phillips Johnson, all of whom were loud in their praise of the fine work accomplished by the teams and for the loyalty they displayed in coming out to all of the report meetings, whether they had any contributions to report or not. James M. Smith Sr., campaign chairman, presided at the meeting, which was closed by the benediction of Dr. C. G. Bennett.

Robbery Attempt At Rote Store

Answering a call from Garfield Davis of the Leslie Hotel, Sunday evening, officers found that an attempt had been made to force an entrance into the confectionery store of J. C. Rote, 18 South Mercer street.
The glass had been broken from the rear door and the screen inside cut loose and boards nailed on the inside of that for protection had been knocked loose. Apparently the Yale lock resisted all efforts to open it. As far as the police have learned, nothing of value was taken.

Congress Is Hostile To European Plans For Debt Reduction

By HOBART C. MONTEE
International News Service Staff Correspondent

WASHINGTON, Nov. 14.—A hostile reception in congress awaits any proposal President Hoover may make toward considering favorably the formal request of the British and French governments for an extension of the Hoover debt holiday and a re-examination of the reparations-debt problem.

This became more apparent today as members of congress, both Democrats and Republicans, gave careful scrutiny to the texts of the British and French notes delivered to Secretary of State Stimson last week and made public Sunday while awaiting the return of President Hoover.

The sentiment among leaders of

both parties in the legislative branch of the government was that the European nations, in presenting their pleas for further leniency on their debts to this country at this time, are following a lost cause. Without the consent of congress, the executive branch of the government is unable to suspend collection of the debt installments when due, except insofar as the debt funding agreements provide for a two-year extension of that proportion of the installment which is amortization of principal. That portion which is interest money must be paid, default being the only alternative.

Congressional leaders, after reading the British and French notes, gave every indication they will not agree to further delay in the payments due.

No General Debt Parley Says Stimson

United States Does Not Contemplate Engaging In Any General Conference

ANY NEGOTIATIONS TO BE INDIVIDUAL

Conversations With Debtor Nations Would Not Be On Group Basis

(BULLETIN)
(International News Service)

WASHINGTON, Nov. 14.—The United States does not contemplate engaging in any general conference with European debtor nations, looking to revision of existing agreements, Secretary of State Stimson said today. An intimation that such a conference would be agreeable to the debtor countries was contained in the British note made public today.

Although clarification of the American government's policy awaits President Hoover's return to Washington and his forthcoming conversation with President-elect Roosevelt, Stimson said he did not believe a general conference will be held in any event.

Such negotiations or conversations as are undertaken with the foreign debtors will be conducted individually, as was the case when the debts were funded.

Dale Shaffer Meets With Serious Accident While Hunting Near Princeton

Dale Shaffer of Princeton, R. D. 6, is in the New Castle hospital as a result of a hunting accident on a farm near Princeton Saturday. Shaffer was hunting with L. W. McConnell and Gaylord Taylor. He had shot a rabbit and laid his gun down by a brush heap to pick it up. When he reached for his gun the trigger is supposed to have caught on a twig and it was discharged. The shot struck him in the right arm above the elbow, making a serious wound. Shaffer was rushed to the hospital by McConnell.

Name Ross As Temporary Officer

Thomas Ross was appointed by city council which met in city hall as a "temporary policeman" for 10 days beginning November 15. The appointment was urged by Mayor Mayne.
Councilman Stanley Treser offered the motion to appoint Ross. It was seconded by Councilman Genkinger, who said the mayor should designate the name of the man whose place Ross fills.
Upon calling of the roll the vote was unanimous, though Councilman Davies explained that he was not against Ross and would vote for him, but he believed, however, it was an illegal appointment.

President-Elect Now Confronted With Big Issues

Hoover Seeks To Learn Views Of Successor And His Plan Of Action

CONFERENCE LIKELY LATER THIS WEEK

President Hoover Is Enroute To Washington From Western States

By GEORGE E. DURNO
International News Service Staff Correspondent

A BOARD PRESIDENTIAL SPECIAL ENROUTE TO WASHINGTON, Nov. 14.—President Hoover sped eastward today to write a new and dramatic page into American history.

Within a few days he will engage in a White House conference with President-elect Franklin D. Roosevelt that will have world-wide repercussions. Primarily, Mr. Hoover is seeking the views of his successor on revision of the World War debts, now being demanded by all of the European powers, and immediate extension of the moratorium.

To Secure Roosevelt's Attitude
Also, however, the President wants to ascertain Governor Roosevelt's position on disarmament, the forthcoming world economic conference and other major international problems "which could not be concluded during my administration."

The President's invitation to the President-elect to stop off in Washington on his way south the latter part of this week was telegraphed to Albany late Saturday night from Boulder City, where the Hoover Special paused to permit inspection of Boulder Dam. International News Service reported last Thursday that the Executive planned this momentous step.

New Stride In Politics
In calling his successor into immediate conference, Mr. Hoover is taking a new stride in American politics and statesmanship. He also will place squarely on the shoulders of Governor Roosevelt the responsibility for any action taken with respect to debt revision and postponement of the payments due December 15.

Mr. Hoover wired Secretary of State Stimson in Washington to dispatch full copies to Albany immediately of all notes on the subject received from Great Britain, France and other debtor nations so that the President-elect might be informed adequately of developments.

No Commitments Made
In his effort to President Hoover, it was emphasized aboard train today that this government will enter into international debt discussions with "an absolutely free hand." No commitments have been made, it was asserted, and no negotiations have been undertaken to date.

The executive did, however, make known his own position in the telegram to Governor Roosevelt.

"I have publicly stated my position (Continued On Page Two)

TURNER FLYING BACK TO WEST COAST

'Flying Ace' Is Seeking Record

Leaves New York In Cross-Continental Flight To Burbank, Cal.

FAILED IN EFFORT ON SATURDAY HOP

(International News Service)
NEW YORK, Nov. 14.—Colonel Roscoe Turner, flying ace, took off from Floyd Bennett Airport at 7:46 a. m. today on an attempted record breaking trans-continental flight to Burbank, Cal.

The California speed demon got away in freezing weather, lifting his heavily laden plane in the teeth of the Brooklyn airport in the teeth of a whistling wind. A small crowd of spectators, their teeth chattering with the cold, gave Turner a send-off as he roared down the runway and headed due west.

Colonel Turner left Burbank on Saturday in an attempt to set a new coast-to-coast record, planning to return to California immediately and then hang up a new mark for a tow way flight across the continent.

In landing at Columbus, Ohio, however, he blew a tire on the landing carriage and gave up the attempt for a two-way record. He continued on to Floyd Bennett field at a leisurely speed, arriving yesterday afternoon.

Weather reports indicated that Turner would have clear skies all the way across the continent but would be forced to buck headwinds along most of the route.

Soldiers Police City
Policing of the city was taken over by 1,000 soldiers from the Valais Canton.

No machine guns were visible on the streets of this city dedicated to the cause of world peace, but they could be seen guarding the League, Disarmament and other public buildings.

The soldiers posted at the guns have been ordered to shoot without warning in case rioting should develop.

The threatened general strike did not develop in Geneva today. Street cars and shops operated on a normal basis.

Pa Newc noticed last night that the New Bedford-Pulaski road was still labeled "Road Closed." However, it was evident that the newly paved road is being used at the New Bedford end.

ROOSEVELT WILL LIKELY ACCEPT HOOVER'S OFFER

(Continued From Page One)

probably would be dispatched late tomorrow.

Mr. Roosevelt plans to leave for Warm Springs, Ga., either next Sunday or Monday and it is believed by his close associates that he will arrange to confer with President Hoover some time next Monday afternoon. It also is expected that he will request Vice-President-elect John N. Garner and several Democratic congressional leaders to accompany him to the White House.

May Demand Data

It also is believed that if Mr. Roosevelt goes to the White House for a conference with the President he will demand to know if the present administration at Washington has made any pledges to the foreign nations regarding postponement of the December payment.

Governor Roosevelt has been in seclusion at the executive mansion since last Thursday. Advisors of Mr. Roosevelt pointed out today that his acceptance of President Hoover's invitation would not mean he was prepared to shoulder responsibility for any immediate decision on war debts but that he would be acting merely as a private citizen.

Against Postponement

Hints have been thrown out by some of Governor Roosevelt's close friends however, that he is opposed to any postponement of the debt payments due December 15, unless the foreign nations are able to prove conclusively it would be impossible for them to meet their payments at this time.

Because the war debts play an important role in the balancing of the Federal budget, it is understood Mr. Roosevelt feels that if the December payment is postponed it will make it more difficult for him to balance the budget after he takes office.

tion as to these questions." Mr. Hoover wired, "including that I do not favor cancellation in any form but that we should be receptive to proposals from our debtors of tangible compensation in other forms than direct payment in expansion of markets for the products of our labor and our farms. And I have stated further that substantial reduction of world armament which will relieve our own and world burdens and dangers has a bearing upon this question."

"If negotiations are to be undertaken as requested by these governments, protracted and detailed discussions would be necessary which could not be concluded during my administration."

"Any negotiation of this question on the basis of the requests of these governments is limited by the resolution of congress (which expressly declared the American policy to be against cancellation or reduction). And if there is to be any change in the attitude of the congress it will be greatly affected by the views of those members who recognize you as their leader and who will properly desire your counsel and advice."

For Common Good

"I am prepared to deal with the subject as far as it lies in the power of the executive, but it must be our common wish to deal with this question in a constructive fashion for the common good of the country. I am loath to proceed with recommendation to the congress until I can have an opportunity to confer with you personally at some convenient time in the near future."

There are also other important questions as to which I think an interchange of views would be in the public interest. The building up of world economic stability is, of course, of the greatest importance in the building up of our recovery. As you know, a world economic conference will be held during the course of the coming winter. "Already to American experts have met with the technical experts of other governments to prepare tentative agenda. While this conference may be begun during my administration, it is certain that it will not complete its labors until after you have assumed office."

Need Early Action

"Parliament with this," of course, is the disarmament conference in which the United States has taken a leading part. This also has a great economic purpose as well as the advancement of world peace."

"Time is of great importance in all these questions," concluded the Hoover invitation, "and I understand you are planning to come through Washington during the latter part of next week (this week) and I hope you will find it convenient to stop off long enough for me to advise with you. I should, of course, be only too glad to have you bring into this conference any of the Democratic congressional leaders or other advisers you may wish."

FALL FROM TRUCK FATAL TO MAN IN CITY WORKER'S CREW

(Continued From Page One)

going. Gadzakko told him they were going to Gaston park. He said that was where he was going and got in the truck. He was seated at the right hand side of the box next to Gadzakko, who was in the center.

The truck went up Long avenue to Cunningham avenue, turned onto Arlington avenue when Pulaski, losing his balance, rolled or fell out, apparently alighting on his head. Gadzakko and Jones yelled to the men in the front seat and the truck was immediately stopped.

Pulaski was in the street near the right hand curb. He was picked up and rushed to the New Castle hospital in the truck, where he died a few minutes later.

Was Not to Work Today.

According to the records of the mayor's relief committee, Pulaski resided at the rear of 1017 Moravia street. Later it was found that he resided at 1313 1/2 South Jefferson street.

The records show that he was to have worked Friday and Saturday at Gaston park but apparently did not do so. He was not scheduled to work today. Coroner Orville Potter is conducting an investigation and it is probable that an inquest will be held.

The city carries compensation on the mayor's relief committee workmen and this has been referred to the company carrying the city's policy.

According to the city records, Pulaski was born in 1887 and was 45 years of age. He had been employed at the Carnegie Steel company plant since 1912. He was a widower and lived alone. A sister, Mrs. Volvoer of Sheep Hill, survives him.

The body has been removed to the Burke funeral home. The funeral arrangements will be announced later.

Eagles Rally Here; Nearly 200 Attend

Local Aerie Host To Tri-County Crowd At Sunday Afternoon Meet

Fourteen Fraternal Order of Eagles branches in the tri-county section, including Lawrence, Beaver and Butler, sent nearly 200 members here Sunday to participate in a district conference at which the aerie's membership and old-age pensions for Pennsylvania were thoroughly discussed.

President George Anthony of the local aerie, No. 455, officially welcomed the visitors at the local Eagles home, South Jefferson street, after the afternoon festivities begun. He immediately introduced Past Grand Worthy President Charles Gunther, Pittsburgh, who led the general discussion.

A Carrick delegation accompanying Gunther here, welcomed the district members to that city for next Sunday's district rally. Conrad H. Mann, Kansas City, national managing organizer for the Eagles, will speak.

Beadle To Attend Water Conference

Members of council met today in city hall and named E. W. Beadle as the city's representative at the Mississippi Valley Association to be held at St. Louis, November 21-22. The city received an invitation from Lackland McCleary, executive vice-president to send a representative to the association conference. The association it is said is "the father of all inland water movements."

"Sweet resignation to the inevitable" is the hokey way of saying he is too yellow to fight back.

DOLLAR BILLS RAIN DOWN ON TAGGART FIELD

Supply Of Wrigley Dollars Seems Everlasting

By MR. SPEAR

I guess all you people that were up to Taggart Field Saturday will agree with Miss Mint and I that the weather was just snappy enough to make us enjoy seeing such a well played football game. Won't you? You know, Miss Mint and I worked through the crowds up there and we found lots of Wrigley gum users, and believe me you they were all presented with a brand new Wrigley dollar bill.

The first man I met at the Stadium was R. F. DAVIS, 307 Norwood Ave., who told me he always carried Doublemint to use after smoking. He further stated that the new cellophane wrapper was the easiest one to open that he ever hoped to see.

Some more that received new dollar bills for their opinions were MRS. G. L. THOMPSON, 915 Warren Ave., H. R. BALDWIN, 308 E. Wallace Ave., GEORGE GOFF, 614 Fairview Ave., MERLE FISHER, 801 N. Mercer St., JACK HIGGINS, 510 N. Jefferson St., W. J. HARLAN, 141 Leisure Ave., C. G. CLARK, 22 Northview Ave., LINDEN BRUCE, 924 E. Morton St., MISS EVA C. SMITH, 1007 Rose Ave., MRS. FRANCES SHELLOUGH, 1054 Beckford St., AGNES MCILLEN, 414 1/2 Bartam Ave., WILLARD MARTIN, 604 Chestnut St., MRS. L. S. MACNAB, 138 Wallace Ave., MRS. W. O. RUGH, 413 N. Jefferson St., ANNA STEINBRINK, 106 E. Reynolds St., VIOLA COLLINS, 449 County Line St., BLANCHE G. ROBERTS, 329 E. North St.

Miss Mint tells me that when she paid JACK GERSON, 329 E. North St., a new dollar for his opinion he said, "There is another dollar for the Mayor's Relief Fund." Did you get your present Mrs. McCann? When JOE MCCANN, 412 E. Sheridan Ave., received his dollar he remarked that he was going to take it home to his wife.

GUY FRANCIS, 410 Division St., (known to his friends as Tick-Tick) told Miss Mint that he thought the flavor of Spearmint was protected by the new cellophane wrapper. "I carry Wrigley's all the time because it is easily opened, always fresh and well flavored."

Here are more names of people who are a dollar richer: MISS CARRIE HARTSUFF, 213 East St., WARREN DEWEY, 1213 Finch St., MRS. J. C. SPEAR, 5th floor Temple Bldg., JACK LLEWELLYN, 843 E. Washington St., MRS. ANTHONY KACENSKI, R. F. D. No. 3, Beaver Falls, Penna., MRS. MARGARET M. SMITH, 718 Brooklyn Ave., JOHN A. MCCULLOUGH, R. D. No. 6, New Castle, Pa., and J. F. REPOGLE, 131 E. Edison Ave.

Leader of the New Castle High School Band, who showed me a package of Spearmint, and said that it was his favorite flavor. WILLIAM GALLAGHER, 624 Taylor Ave., one of the cheer leaders, said that Spearmint kept him from getting hoarse. "I'm sorry we can't give you all of the names but I think it would take a whole page."

Saturday ended up a Big week for Miss Mint and myself, but starting today we are going to work for a BIGGER and BETTER week. We spend our time searching for Wrigley gum users. We pay them crisp new dollar bills for their opinions. Everybody be prepared by having an open package of one of our Wrigley flavors with them all the time.—Adv.

DISTRICT CHIEF GUEST OF ROTARY

(Continued From Page One)
In the ideal of service takes root and thrives among men of all countries, of all races."

The district governor centered most of his message about "the four avenues along which we may manifest our desire to serve." He dwelt at length on each of them.

Guests who heard the visiting officer were Rotarians Harry Wimer of Butler, R. R. Wells of Erie and William McElwee of New Wilmington, and Samuel Armstrong of Long Beach, Cal., former New Castle resident; John Coombly, also from out of town.

The Rotarians and guests also witnessed the formal induction of Francis Sowersby and Frank McLaughlin as new members.

The Regent gave her report of the dedication of Ft. LeBoeuf at Waterford, Pa. August 11, 1932. A bronze marker, and restoration of the "Well Sweep" was the donation of the Pennsylvania Chapter.

Routine business occupied the afternoon when the Chapter was closed to meet in New Castle, Friday, Dec. 9.

A. R. BIDDLE AND WIFE OBSERVE ANNIVERSARY

Successful in every way was the celebration given by Mr. and Mrs. Arney W. Biddle of R. D. 2 New Castle, in honor of their 63rd wedding anniversary.

At 6 o'clock dinner was served to twenty-six members of the family representing four generations. The tables were decorated in a color scheme of gold and orchid, with a large bowl of mums gracing the center, flanked with tall slender tapering candles of the same shades. Friends and relatives who came to share the happy occasion were served a tasty lunch. Others who could not be present sent appropriate messages by telephone and mail.

The honored couple were the recipients of many beautiful remembrances of the day.

The affair also marked the birthday anniversary of Mrs. Ethel Anderson, grand-daughter who at the close of dinner was presented in surprise fashion with a large cake by Mrs. E. J. Rhinehart, baked and decorated by Mrs. Ruth Pierce.

Due to illness all the children were unable to participate. Those from out of town were Mr. and Mrs. C. M. Bailey and family of New Philadelphia, O., Mr. and Mrs. John P. Biddle and family of Princeton.

The hours were spent informally and special musical selections were rendered by Miss Esther Pierce and Richard Bailey.

Aides in serving the dinner were Mrs. E. J. Rhinehart, Mrs. Hanna Simonton, Mrs. Ruth Pierce, Mrs. John Biddle and Mrs. L. W. Linderman.

Now banish bad breath, pimples, constipation; feel like a million!

That tired, frowsy feeling in the morning, that "dark-brown" taste in the mouth—if you would banish them and win back buoyant health, don't expect relief from salts, mineral oil, or candy and chewing-gum lozenges.

What you need is something which acts thoroughly but harmlessly upon the liver. And in Dr. Edwards Olive Tablets you will find that "something," which stimulates the bile flow.

A successful substitute for calomel, these famous tablets are compounded of pure vegetable ingredients, and have been praised for years by millions.

To get and keep the bile flowing freely—correcting constipation, skin troubles, and win back that "fine-and-dandy" feeling of youth—go to your druggist for Dr. Edwards Olive Tablets today, 15c, 30c, 60c.

X-RAY OF A GRIEVANCE

"What's the idea of saying that?
You know it isn't true! I have not
got a grouch! Maybe I'm not feel-
ing so well today. My head aches
and I think I'm getting a cold. But
I'm not a grouch—I'm just as calm
and even-tempered as a kitten."
"That's the trouble! If a fellow
snaps a little bit at people he's ac-
cused of having a bad temper. He
isn't supposed to have any character
at all. He's supposed to be meek
and mild and a door mat for other
people's feet. Everybody pushes him
around. They jump on street cars
ahead of him, they crowd into the
line right in front of him, they
bump him and push him and shove
him back and all he's supposed to
say is "Pardon me, I didn't know
you wanted to get ahead of me." He
can't say a thing, not the simplest
thing without being jumped on or
misunderstood and put in his place.
A fine how-do-you-do! That is!"

"Yes, I'm supposed to be perfect
but everybody else can do as he
pleases. Dogs can bite, and cats can
scratch, and ants can get in your
sugar, and poison oak can drive you
crazy, and people in automobiles can
jump traffic signals, and cops can
bawl you out, and ticket sellers can
snap at you, and horses can kick,
and blue jays can squawk, and eagles
can kill sheep, and mountain lions
jump on harmless deer, and grape-
fruit can squirt in your eye, and ba-
nana peelings trip you up, and rain
can flow down your neck, and roofs
can leak, and splinters get in your
fingers, and roses stick you, and gas
can smell bad, and apples can rot,
and castor oil taste like the dickens
—but if a man goes off the reserva-
tion just about two inches—or if a
woman makes just one little ac-
cused remark (I'll be fair minded about that,
too)—then he, or maybe it's she, is
accused of being bad-tempered, un-
tameable black leopard!"

"I'm in an awful rage, am I? Well,
maybe I am. But I wasn't at first.
I was a lamb in the beginning, but
I got to thinking about all the slings
and arrows and rotten eggs that are
thrown at people, and I remember
all the grievances that pile up on a
fellow's neck—and maybe I am a
little inarticulate and hard to under-
stand, but I want to make it plain
that a human being ought to have
the right to turn a little sour occa-
sionally without being accused of all
the crimes people can think of. Can't
a man have a grievance without every-
body trying to take it away from him?"

(And that's not the end of it,
either. It goes on and on and on, and
bubbling and fermenting and tan-
trumming, until the tired grown-up
child falls asleep—and snores or
looks as gentle as an angel.)

MOTHER'S VIEWPOINT

The mother or the mother-in-law
in your house may object to many
of your ways and to your general
family conduct.

Because she is older she may in-
sist upon instructing you in your
home affair and domestic matters
generally.

Because she insists that her ways
become your ways you sometimes
clash.

The elderly person who becomes
a part of a young couple's household
should refrain from trying to en-
force her ideas.

If she tries to change the general
routine of the family she is bound
to create trouble.

Young folks' homes are never
conducted as the homes of the par-
ents were.

Times change from one generation
to another.

Some of the actions of the young
husband or the wife may impress
her as nothing short of disgraceful.

From her viewpoint the parties
given by the younger generation are
far from what they should be.

She views extravagance that she
feels will be regretted later.

But no matter what she thinks
she should do nothing more than
make a mild remonstrance, if she
desires to have the family welcome
her presence.

On the other hand young folk
should consider and remember that
one can profit by experiences of
older people.

AUTUMN SCENE

Upon the hills the giant trees with
color were ablaze.

Like smoke from smouldering embers
rose the late October haze.

All silent and magnificent I fancied
I could see

The Master Artist touching up some
solitary tree.

But the glory of the landscape was
a flash of crimson flame

At the bottom of the picture where
the painter signs his name.

Now I cannot speak the language of
the men who paint and draw.

And with technical precision can't
describe the scene I saw.

All I know is that a picture was un-
rolled for me to see,

And the high lights and the shadows
seemed just what they ought to be.

But that gorgeous burst of color in
the foreground caught my eye.

And I knew it made the landscape,
though I couldn't say just
why.

It struck me as peculiar, where an
earthly painter signs.

The Master Artist splashed His name
in tangled shrubs and vines.

And as I stepped up closer I dis-
covered and was glad

He had given that touch of splendor
to the poorest stuff He had.

To the common things in summer
which man scarcely sees at all

He had given the place of honor and
the glory of the fall.

Chile's Election Indicates
Orderly Methods Restored

Constitutional Requirements Declared To Have Been Ob-
served After Period Of Disturbances In Which
There Was Danger Of Radical Move

Observers in this country find
in the recent elections in Chile
evidence that the country has
overcome a somewhat chaotic
condition in which disturbances were
common and in which there was
danger of a dictator or radical ten-
dencies. Indications of a stable, lib-
eral government are observed in the
return of Arturo Alessandri to the
post of executive by an extremely
large vote in an election in which
his chief opponent was Marmaduke
Grove, who threatened an upheaval
in the country a few months ago.

"Chile's decisive vote will prob-
ably bring to an end the radical
plans to change that country into
a western soviet," says the ST. PAUL
LAKE DESERET NEWS, while the
ROCHESTER TIMES-UNION makes
the comment on the results of the
election: "After a summer in which
there has been considerable excite-
ment and uncertainty in Chile, the
voters have elected former President
Alessandri, who is reported to have
60 per cent or more of the total vote
though there were five other candi-
dates. On the rivals was Colonel
Grove, a radical who seized the gov-
ernment early in the summer and
held it for a week. He had been
exiled to Easter Island but was per-
mitted to return for the election. His
vote was very small. Commu-
nist and Socialist candidates re-
ceived much lighter support than had
been expected. It is possible that
for a time at least political condi-
tions in that country may settle
down and that better conditions will
be reported from Chile in the near
future."

"Arturo Alessandri won the presi-
dency in 1920 as a liberal," recalls
the PHILADELPHIA EVENING
BULLETIN, "and was ousted sev-
eral years later when the conserva-
tive Baner was chosen. He now
comes into office as the exponent of
what he calls 'practical Socialism'.

His previous career indicates that
his political creed has nothing of
doctrinaire Marxism in it. On con-
stitutional questions he has stood
for the greater democratization of
the governmental system, opposing
particularly the power of the senate,
strong when he was first elected. He
was especially friendly to labor, but
the program he favored did not go
beyond the staples of radical de-
mand, the eight-hour day, the mini-
mum wage, old age and other forms
of social insurance. He has his
chance in that he stands before the
world as the legal head of a govern-
ment which received the stamp of
constitutionality by agreement of all
factions to refer the choice of the
head of the state to popular election.
On this basis this country and Great
Britain recognized the provisional
regime which had grown out of the
series of revolutions in the last five
months."

"It was Alessandri," according to
the JERSEY CITY JOURNAL, "who
was credited with drafting the con-
stitution adopted by an overwhelm-

ing majority, Aug. 30, 1925, when he
was president. The new constitution
was hailed as a great advance in
liberalism, as a step bring the re-
public of Chile nearer the goal of
Democratic self-government. But,
to judge from the troubled record of
Chile since then, the people had not
yet risen far enough from the slough
of general illiteracy. The last six
years have been years of political
tumult. Presidents have been ousted.
Revolutions and mutiny have
stained the land with blood. In the
meantime, discovery of how to man-
ufacture at a profit nitrate out of
the air has put a serious crimp in
Chile's greatest mining industry; not
only have government export reve-
nues dwindled, but unemployment
has finally blighted the lot of the
Chilean workingman. In this election
President Alessandri's principal
rival was Col. Marmaduke Grove,
Socialist and revolutionary. It will
be a strenuous task for the newly-
elected president to lead his nation
through hard times up toward the
high plateau which he envisaged
when he drew up the present con-
stitution. It will be a hard job to
preserve the constitution—which has
been flouted a plenty during the last
half-dozen years. For the last ten
years Chile has had compulsory free
education. Perhaps now the number
of those who can be appealed to by
calm reason has increased suffi-
ciently so that orderly government
of the people and by the people can
prevail. But it will be necessary to
protect by the use of force the rights
of the majority to control the gov-
ernment. This has already been
demonstrated by the rioting which
occurred on the day following the
election of President Alessandri."

COPPER

The Fox West Coast Theaters
have started a campaign in an ef-
fort to stimulate the copper indus-
try in Arizona, a vital factor in the
industrial and employment welfare
in that state. The period from
October 22 to November 19 has been
designated as "Fox Arizona Copper
Month."

One of the unique features of the
campaign is a facsimile typewritten
letter, on thin copper stock, from ore
mined in Arizona, which is being
sent out. The underlying thought
behind this move is to bring copper
forcibly before the public through
educational exhibits, merchants' dis-
plays of copper products, and tie-
ups with civic and educational bod-
ies. The slogan adopted by the Fox
management is, "Boost Arizona by
Boosting Copper."

Arizona is the largest state pro-
ducer of copper in the United States,
and was one of the earliest. The
Spaniards mined copper in Ajo, Ari-
zona, early last century. Arizona
was second largest producer of cop-
per prior to the discovery of copper
in Butte, in 1892. It became the
largest producing state in 1907.

HOOVER PLEDGES AID TO ROOSEVELT

PRESIDENT HOOVER is proving himself to be a mighty big
man in defeat. Instead of returning from the battle with
his banner trailing in the ground he is doing so with head erect
and the promise of aid and assistance to his successor both now
and after the fourth of March. He broke his return journey
from California with a rear platform speech, and of the many
he made during the campaign none has been more eloquent.
He declared that the contest was over, and he asked for unity
of national action in the constructive measures which have been
initiated during the past three years for care of distress, to pro-
tect the Nation from imminent dangers and to promote economic
recovery.

Then the President uttered these memorable words: "If we
are to continue the recovery, so evidently in progress during the
past few months, by overcoming the many difficulties which
still confront us, we must have continued unity in constructive
action all along the economic front. I shall work for that unity
during the remaining four months of this Administration. Fur-
thermore, it is our duty after the fourth of March to co-operate
with our opponents in every sound measure for the restora-
tion of prosperity."

Such lofty sentiments can not help but make an impres-
sion upon the American people. Indeed, they should have the
effect of hastening the return of better days. Mr. Hoover rightly
says that the function of our Government is dependent upon
strong two-party organization, and it is only through that system
that public questions can be properly considered and deter-
mined.

Betraying no dejection himself, the President also tells the
Republicans of the country that they have no cause to be dis-
courage. He would strengthen the organization from top to
bottom. He is correct in saying that, whether in the majority or
the minority, it should continue to give its constructive service
to the country. He adds, significantly: "It will return to
power."

Brief though it was, this address of the President is mem-
orable in more ways than one. His offer to help the President-
elect glows with genuine patriotism and love of country. His
words of advice to the members of his own party are laden with
wisdom. The party that serves the people best, whether it be in
or out of power, will be the one that the people will turn to in
their hour of need.

LESS PROFLIGATE

Four years ago on the day that President Hoover was elected presi-
dent and while the country was still blissfully unconscious of the impend-
ing economic crash, the voters of various cities and states were asked
to approve a total of \$634,766,415 of new borrowing. Few of the pro-
posed loans were defeated.

Last week the loan referenda on state and local ballots through-
out the country involved an aggregate of only \$158,000,000, virtually all
of which was for unemployment relief and the funding of existing debts.

It is doubtful if the taxpayers at the last election would have ap-
proved even the smallest loan for anything but relief or some unavoid-
able emergency expense. Those same

Dr. Blaisdell Tells Of Russian Visit

Says Russian People Believe They Are Effecting World Change

Russia's Five Year Plan is a success. The nation has made the most remarkable educational advance of any nation in the world. Huge industrial cities have risen, agriculture has been improved and the people believe they are changing the world. These are some of the observations of Dr. Thomas C. Blaisdell, given to the People's Forum Sunday afternoon in the Court House.

Dr. Blaisdell, a member of the faculty of Slippery Rock State Teachers College spent a part of last summer in Russia, going there with the American Seminar. While his time was largely spent in Moscow and Leningrad, he believes that his observations there are indicative of the progress made in the other parts of Russia.

Eighty million of the 160,000,000 people in the nation are studying in an effort to improve themselves, Dr. Blaisdell said. The charge that churches are not permitted in Russia is untrue he says, and cites as refutation of the charge the fact

that there are 80 churches in Moscow operating and that these churches are full, during worship hours.

Practically every worker belongs to a trade union and these trade unions select the officials. An example is the judiciary. Judges are selected by the trade unions and the ones selected are not lawyers. Six months training is given the judge elected and he assumes his position. When he hears cases, two jurors, also selected by the trade unions, sit with him and the three men decide the case at issue. There are no other jurors. Courts are run without legal technicalities hindering them, although plaintiff and defendant are permitted lawyers. Cases are heard promptly and appeals must be made promptly after a decision is reached.

The only defect in the Five Year Plan, according to Dr. Blaisdell is that in coal, steel and railroads. These three fall short of the quota set, but in every other respect the plan is almost a year ahead of schedule. Six industrial cities have been built, each one designed to turn out a certain product. Huge power plants have been erected, and the power generated by them is now being used.

The controlling power in government is Communist, the numerical strength of the Communist Party being about two million.

Adversity made our ancestors great, but the greatness developed in process of licking it.

ROCHESTER DEFEATS ELLWOOD HIGH 21-0

Visitors Show Fine Passing Attack In Game Here On Saturday

AERIAL ATTACK IS STARTED EARLY

ELLWOOD CITY, Nov. 14.—It was no idle jest that Rochester high school football team made last week when it announced that it was out to avenge last year's defeat at the hands of Ellwood High. And further, it was no idle jest that the team intended to win by passing.

Aerial Game Devastating Starting their aerial attack early in the game, they passed their way to a 21-0 victory over the Benedict coached team at Lincoln field Saturday afternoon. Always as in the past there was a Zaneski in the Rochester line-up who played a feature role in the game. This time it was J. Zaneski, tall and speedy fullback, who flung passes from every angle of the field. When the final whistle sounded he had completed 10 out of 25 flings for a total gain of 187 yards. This is not including the pass for extra point after touchdown. Three of these passes were for direct touchdowns.

Fans could not but admire the plucky little Rochester team, which was decidedly outweighed by their opponents, but who, mixing their plays, outguessed the local gridirers to earn a decisive victory. The Benedict men were bested in every department of the game with the exception of punting, where Mike Paal reigned supreme. Ellwood was outgained in yards through scrimmage, yards gained by passing, and had four first downs to Rochester's 12.

Clever Quarter Much credit for the victory is due Shugert, Rochester's clever little quarterback, who always kept the local eleven guessing as to what he intended to do next. It just seemed that when the Ellwood backfield was expecting another pass Shugert would call for a running play and take them by surprise. He showed keen judgment in his selection of plays and did some extra fine ball totting.

Despite the lopsided score, the game was interesting and exciting. It was hotly contested throughout. The game was a ring played on an even basis until the closing moments of the second quarter. Ellwood was having fine success in breaking up the visitors' passes. The local backfield batted down and intercepted passes throughout the two periods.

Passes Score There was a little over two minutes left to play when the visitors

started a new passing attack which resulted in two touchdowns. The first one came after Paal had punted to Gamble on Rochester's 42-yard line. On the first play Zaneski threw a well directed pass to Shugert for 23 yards. Then the former flung another one to Gamble, who received it on Ellwood's 20 and had no trouble in dashing the remaining distance for the score. Zaneski passed to Gamble for the extra point to make the score 7-0 for Rochester.

The second score was not long in following. After Loccisiano had received Jersey's kick-off on his own 44, Paal threw a nice 15-yard pass to Hecle, who fumbled upon being tackled. Gamble recovered for Rochester. Gamble went around right end for four yards and on the next play Zaneski broke through right guard for 24 yards. When two more running plays failed to gain any desired yardage, Zaneski passed to Jersey for 13 yards and a touchdown. Kasper bucked the line for the extra point to make the score 14-0 in favor of the Taylor men as the half ended.

Sensing victory, the invaders came out for the second half greatly inspired and began to have things much their own way. But they lacked a scoring punch in their running game. Once again the locals demonstrated their power when they held for downs on the one-yard line in the third quarter. Early in the period Gamble, on a reverse play, broke away for 45 yards, to be finally brought down by McCloskey on Ellwood's eight. But here the locals began breaking through and throwing the visiting backs for losses. After Rochester was penalized 15 yards, Zaneski made up for this and more on a pass to Gamble. He added four yards to this around right end and the ball was resting on Ellwood's two-yard line. As stated previously, Ellwood held and took the ball on downs. There was no other serious scoring threat again until the closing moments of the final stanza.

Throws 55-Yard Pass Both teams had been fighting desperately and it appeared that the half was going to be scoreless. In the dying moments of the game the visitors again took to the air. One pass had failed. Zaneski then went back in punt formation and flung a long, beautiful spiral to Shugert, who outran the Ellwood secondary and received the pass on the run on Ellwood's 20-yard line, from where he sprinted for the final score. The pass itself was good for 55 yards and thrilled fans on both sides. Gamble was with Shugert waiting for the pass, but let the latter have it. Zaneski made a fine drop-kick for the extra point to make the final score 21-0. After this both teams began to send in substitutes before the final whistle blew.

The Tube City players fought hard and were able to hold their own in a running attack, but they did not know how to cope with Rochester's effective aerial game. Paal and McCloskey performed well in the backfield offensively and defensively.

ly. Acting Captain Vogt, Bob Johnson and Demas were towers of strength in the line. All of Rochester's backfield were brilliant in their roles, while Captain Morrell, P. Baldwin and H. Jersey performed notably in their forward wall.

Any hopes that were held for Ellwood ending their season with a victory were greatly dimmed when word was received here that Ambridge (Ellwood's next opponent) trimmed Midland 19-0 last Saturday on the schedule for both schools. The game will again be played at Ambridge next Saturday.

Bishop Ward Will Confer With Vestry

NOW! EASE A SORE THROAT INSTANTLY

Feel Rawness, Irritation, Go At Once

These Pictures Tell You What To Do

Remember Only Medicine Helps A Sore Throat

Modern medical science now throws an entirely new light on sore throat. A way that eases the pain, rawness and irritation in as little as two or three minutes.

Results are among the most extraordinary in medical science. On doctors' advice, millions are following this way... discarding old-time "washes" and "antiseptics." For it has been found that only medicine can help a sore throat.

Simple To Do. All you do is crush and dissolve three BAYER Aspirin Tablets in half a glass of water. Gargle with it twice—as pictured above. If you have any indication of a cold—before gargling take 2 Bayer Aspirin Tablets with a full glass of water. This is to combat any signs of cold that have gone into your system. Keep on taking if cold has a "hold." For Genuine Bayer Aspirin will not harm you. Your doctor will tell you, it does not depress the heart. Get a box of 12 or a bottle of 100 at any drug store.

Reduces Infection, Eases Pain Instantly. Gargling with Bayer Aspirin will do three things: Relieve soreness at once. Allay inflammation. AND—reduce infection; which is the important thing in fighting a sore throat.

It requires medicine—like BAYER ASPIRIN—to do these things! That is why throat specialists throughout America are prescribing this BAYER gargle in place of old-time ways. Results are quick and amazing.

Be careful, however, that you get real BAYER Aspirin Tablets for this purpose. For they dissolve completely enough to gargle without leaving irritating particles. Watch this when you buy.

NO TABLETS ARE GENUINE BAYER ASPIRIN WITHOUT THIS CROSS

Man Who Escaped Jail Here Given Sentence To Pen

James McDonald Gets 3 To 6 Years For Dight Auto Theft And Other Robberies

James McDonald, who recently walked out of the Lawrence county jail with some visitors, but was later re-captured by Deputy Sheriff Russell McDonald, was sentenced to serve from 3 to 6 years in the Western Penitentiary by Judge Thomas W. Watson at Butler Saturday afternoon.

McDonald was captured on Ray street, this city, after he had stolen the automobile of L. R. Dight at Plaingrove. As McDonald was a fugitive from justice at Butler, he was taken to that city for trial. He entered pleas of guilty to the Dight auto theft and other crimes.

He was first sentenced to serve from 3 to 6 years for stealing the Dight car.

On another charge, that of forging a check on the Butler County National Bank, McDonald was sentenced to pay a fine of \$250 and spend two and a half to five years in the penitentiary. McDonald had pleaded guilty to forging checks in two other cases and stealing five automobiles.

"You are a rather young man," Judge Watson said, "and if we gave you the maximum sentence in each of these cases you would be in prison the rest of your life."

Judge Watson directed that detainers be filed against McDonald, and he may be brought into the Butler court when sentences are completed. The prisoner has a mental condition that requires supervision the judge indicated.

A COLD PASSES THRU 3 STAGES!

It is Twice as Easily Stopped in the First as in the Second or Third Stages!

A cold passes through three stages—the Dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage. Once it gets beyond the Dry Stage it is far more difficult to relieve. Therefore, treat a cold promptly.

The best thing you can take is Grove's Laxative Bromo Quinine, because it does the four things necessary, in the way required. It opens the bowels. Kills the germs and fever in the system. Relieves the headache and grippy feeling. Tones the entire system and fortifies against further attack.

This is the relief you want—complete, thorough and decisive! Trust to nothing less.

Effective as it is, Grove's Laxative Bromo Quinine is absolutely safe to take. No narcotics. No bad after-effects of any kind. *Relief with comfort!* The whole world knows Grove's Laxative Bromo Quinine as the standard cold tablet. Comes in handy, pocket size box, cellophane-wrapped. Get it at any drug store. There is nothing "just as good."

Election Result Promotes Swick

More Important Committee Places For Congressman From This District

By ARTHUR C. WIMER
Special Washington Correspondent,
New Castle News

WASHINGTON, D. C., Nov. 14.—The Democratic landslide which brought defeat to so many Republicans last week should result in substantial committee promotions in the House for Representative J. Howard Swick.

One of the few Republican House members to survive the debacle, Mr. Swick will probably be advanced several positions on the Republican side of the committees of which he is a member. The removal of so many Republican Congressmen assures this advancement. Congressman Swick is now a member of the World War Veterans Committee, the Pensions Committee, and the Public Buildings and Grounds Committee.

McBRIDE POST TO MEET ON WEDNESDAY

Harry L. McBride Post, Veterans of Foreign Wars, will hold their first meeting of the new year, with the newly installed officers in charge on Wednesday evening in Legion Home Association Building.

Commander A. F. Miller will outline the projects which he hopes to carry out during the coming year at this meeting, and there will be interesting reports to be given.

Plans for a membership drive to be started in the near future will also be outlined.

Chesterfields are Milder —
Chesterfields Taste Better

To make tobaccos mild and mellow for Chesterfield cigarettes, just about four miles of warehouses are filled with mild, ripe Domestic leaf, stored away to age for two years.

The greater part of 90 million dollars is invested in these tobaccos. Is it surprising that Chesterfields are milder? That they taste better?

Everything known to Science is used to make Chesterfields right! They're mild—and yet They Satisfy.

Wage Tax Bill In Philadelphia Appears Doomed

City Council Will Refuse To Enact Measure, Will Not Even Hold Hearing

(International News Service)
PHILADELPHIA, Nov. 14.—Philadelphia's proposed wage tax bill, which would have levied a tax of one-half of one per cent upon all wages earned in the city, appeared dead today.

City council will not enact the measure. Not even a public hearing will be held, it is understood. Instead, the bill now up for second reading, will be re-committed to the finance committee which approved it and thus consigned to the pickling vat.

The necessity for public hearings set for Thursday has passed due to the flood of telephone calls, letters and other methods an outraged citizenry used to inform their councilmen just what they thought of the bill. Instead at today's meeting of the budget committee the measure will be rejected and sent back to the finance committee as quietly as possible.

Stevenson May Get Speakership

Farrell Minister Is Being Discussed As Speaker Of House At Harrisburg

(International News Service) HARRISBURG, Nov. 14.—Political circles here today speculated on rumors that a Western Pennsylvania clergyman may become speaker of the house at the next session of the legislature.

He is the Rev. H. M. Stevenson, pastor of the First Methodist Episcopal church of Farrell, in Mercer county, a member of the house of representatives who was re-elected to represent his district in Tuesday's election.

J. C. Goodnough, Cameron county, retiring speaker, will become a member of the Public Service Commission to which post he was named by Gov. Gifford Pinchot and Dr. Stevenson's name is cropping up frequently in political discussions here.

The Democratic storm which swept many Republicans into the discard actually aided the clergyman's candidacy, it was pointed out, since among those who went down to defeat were several who previously had been considered for the speakership.

Success of Dr. Stevenson's candidacy, it is believed, will depend primarily on whether he is found acceptable to regular Republican organization and Pinchot organization factions.

Harrisburg Man Falls From Truck

Mike Di Thomas, 28-year-old resident of Harrisburg, Pa., was knocked unconscious Sunday by a fall from a moving truck on the New Wilmington road. He was taken to a New Castle physician, where it was found his injuries were not of a serious nature. He had a severe bruise on the head and laceration of the right knee. After treatment he was able to proceed on his way to Sharon.

DiThomas said his brother was driving the truck and he had been on the running board trying to locate a noise which seemed to come from a front wheel. He lost his grip and fell into a ditch.

Milk Price In Pittsburgh Is Lowered Today

Milk Selling Lowest Since World War, Eight Cents Per Quart Delivered

SEVEN CENTS IF BOUGHT AT STORE

(International News Service) PITTSBURGH, Nov. 14.—Milk in Pittsburgh today sold lower than since the world war.

The new scale puts a price of 8 cents a quart on milk delivered to the home and 7 cents a quart on milk purchased at the stores.

Independent dealers accepted the new scale over the week end after organized dairies announced it was to be placed into effect. The price is said to be the lowest in 15 years.

Some dealers in outlying districts were reported to be selling milk in stores for wholesale prices of 6 cents a quart, on the theory that a cent a quart isn't adequate profit and that the cut rate will attract business.

New Castle Defeats Youngstown South 21 To 7

Ohioans Curl Up Under Withering Hurricane Attack

New Castle High Registers Ninth Victory Of Season Over Rivals

Johnny Uram Thrills With 90-Yard Run, Walter Kominic Scores Twice

Playing a smart and deceptive form of football New Castle High School's big "Red Hurricane" football team upset a heretofore undefeated South High Youngstown grid machine at Taggart Field Saturday afternoon 21 to 7. Johnny Uram, blond right-halfback of the Bridenbaugh eleven provided the thrills again when he threaded his way 90-yards through the South team for one of the touchdowns. Walter Kominic the hard hitting fullback knifed his way over the final chalked barrier on two occasions from the two-yard line. South's touchdown late in the fourth period was made by Tomlin, the colored speedster after a reverse play from the New Castle 33-yard line. It was a typical New Castle-South battle with all the color necessary. The weather was ideal for football, being cold and bity. A crowd estimated at about 3,500 witnessed the game.

Ninth Straight
It was the ninth straight victory of the season for the Bridenbaugh cohorts and keeps New Castle in the category of unbeaten Western Pennsylvania and state school-boy teams. South High put up a stubborn battle, but was not the equal of the New Castle team in smart football.

New Castle hung up 12 first downs to six for the Youngstowners, this being just about the margin of victory which found New Castle fourteen points better than the Ashbaugh coached team. Forward passes were few and far between in this game with both teams resorting to line plays. Only six passes were attempted, with South completing two and New Castle none. Penalties were not so severe. New Castle drew 35 yards in violation and South drew 15. The game was a clean, hard fought encounter.

Battle Begins
The game opened with neither team able to gain much headway in sallies at the line and around the ends. It was just a punting battle for the first eight minutes at least. Captain Mike DeCarbo with his educated toe kept the South team backed up against their goal line with long spiraling kicks, and Lottier of the Youngstown team would punt right back to New Castle in mid-field.

It was a sort of ding-dong affair with the fans wondering if New Castle hadn't run up against something rather tough. The great Tomlin was halted several times on intended long runs around the right side of the New Castle line, but Patsy James, starting his first game at end turned the colored boy back with losses on two or three plays. South couldn't gain a first down through that staunch New

Castle front wall. Nickum the Seventh Ward flash made the first down of the game about mid-way of the first period when he advanced the ball to the South 50 yard-line.

Kominic Tallies
With the time about up for the first quarter New Castle got a "break" that gave them the ball on the South 30 yard line after Lottier's kick was given to New Castle for a violation. It seems that the ball was touched by a South High man on about the 30 and then it bounded on down the field toward Johnny Uram who was playing safety.

New Castle right away turned on the heat for which they are famous. Kominic slashed through for two yards. Uram ran the end for five yards, to the South 22 yard line. Nickum slipped through tackle for three yards taking the ball to the 19-yard line. Uram shook off a Youngstown tackler and made his way to the 4-yard line. Nickum made two yards and then Director General Tommy Rambo sent Walter Kominic crashing through for the touchdown. The New Castle fans went wild, those six points looked awfully big at this particular time. "Whitey" Nickum's trained toe added the extra-point to placement. New Castle assumed the lead at 7 to 0. South had the ball on their own 41 yard line after the kickoff and at the end of the first period.

South Tightens Up
Youngstown South got down to the serious business of trying to stop this "Red Hurricane" and they succeeded very nicely in doing this the second period in which no scores were hung up. The end of the first half found New Castle hugging on to that seven point lead for dear life. The second quarter was devoid of any big thrills. One of the prettiest plays was Fred Shelloog spilling Tomlin for a loss on an attempted spinner play. Lobinger of New Castle was injured during the quarter and Koken replaced him. South High tried a number of passes late in the quarter, but an alert New Castle team would permit no such familiarities. Their efforts were useless.

It was a much different New Castle team that came out for the third quarter. Not in any lineup changes, but with a determination written on their faces. South High on the other hand seven points behind was fighting mad. Their ambition was to score on this Bridenbaugh combination, a trick that has been turned very few times this season.

Uram Races 90 Yards
Nickum kicked off to South at the resumption of hostilities. Tomlin made about six yards in return. Tomlin made a first down for South on the South 47-yard line. Koken and Humphrey were stopped on two plays. Lottier was forced to punt.

Johnny Uram standing on the New Castle 10 yard line gathered in the kick from Lottier, looked over his field very carefully, waited long enough for the New Castle interference to form, and then away like greased lightning. Off he streaked on one of those famous cross-field dashes, several would-be South tacklers were bowled over by James, Alex Shelloog and Tommy Rambo, and Uram was over at the western side of the field streaking fast for the goal line. When he got to the middle of the field there was not one of the South High players on their feet. Uram ran unopposed to the goal line. It was one of the prettiest runs of the year at Taggart Field and gave the crowd something to talk over during the business of eating supper some few hours later. "Whitey" Nickum again supplied the extra-point by a placement kick. New Castle's lead was up to 14 to 0.

Kominic Again
South's bid for a touchdown about mid-way of the third period was halted by Patsy James who grabbed a pass on the New Castle 19-yard line. Uram clicked off 8 yards and Kominic made a first down. Nickum made six more and again New Castle had a first down when Kominic knifed through to the 40-yard mark. Uram broke away and made 25 yards through a broken field to the South High 20 yard line. It was a fine play on the part of Uram and good blocking by Rambo and Captain DeCarbo.

Nickum went through to the South 4 yard line, for another first down. Kominic picked up two yards and then on the next play Rambo called upon Kominic again and the husky fullback responded with a powerhouse drive that carried him over the goal line for the third New Castle touchdown. Nickum kicked the extra-point by placement. New Castle lead jumped to 21 points. It was South's ball on the 50 yard line the quarter ended. Lane was sent in for Nickum after the third New Castle touchdown.

Tomlin Races 33 Yards
New Castle with a lead of 21 points was content to play a defensive game the final quarter. Nickum replaced Kominic who had played a great game. Lottier rifled a pass to Tomlin for a first down on the New Castle 33 yard line. Tomlin took the ball on the next play and on a reverse play in which it looked as if New Castle would smother him, slipped through tackle and was away like a flash for the goal line which he negotiated with ease and which happened with a swiftness that left New Castle and Youngstown fans gasping. It was the prettiest play of the day for the highly touted South backfield threat. Humphrey added the extra-point by placement. New Castle 21—South 7. Well, South scored, and they deserved it.

The remainder of the game was closely contested. Neither team could advance far. New Castle was content on keeping Youngstown's team in the center of the field. DeCarbo's punts were very well placed. South didn't gain much headway.

James Looks Good
New Castle drove the ball down to the South 29 yard line late in the period, but a pass by Nickum intended for Uram was taken by Tomlin on the South 22 yard line. Lane was hurt on the play and removed from the game. Tomalelo replaced James who in turn replaced Lane in the backfield. Tomlin was halted on an effort at the line. Lottier passed to Crawford who threw the ball to Tomlin on a double lateral pass and it was a first down for South High, on their own 36 yard line. Lottier kicked to Uram on the New Castle 28 yard line. James ripped through for five yards and on the next play picked up first down. New Castle had the ball on the 50 yard line when the game ended.

Turtle Creek Next
In picking out any individual stars we must select Johnny Uram, Walter Kominic, Tommy Rambo, and Patsy James. It was the work of this group of New Castle players that stood out quite brilliantly. Tomlin, Lottier, Crawford and Scoll were the best bets in the South lineup.

New Castle's next game is with Turtle Creek High at Taggart Field Thanksgiving Day. It will be the closing game of the year. The summary: New Castle 21 South High 7. Thomas ... L E ... Buzin ... Slippery Rock Captures Title

Slippery Rock Teachers College Wins Western Pennsylvania Championship

SLIPPERY ROCK, Pa., Nov. 14—Slippery Rock Teachers College football team won the Western Pennsylvania teachers college championship here Saturday afternoon by toppling a fast Edinboro Teachers team 15 to 0.

The two touchdowns that gave Slippery Rock the title were made by Godlin and Forker. Slippery Rock scored a safety in the first quarter when a kick by Kilts of the Edinboro team was blocked and recovered by Slippery Rock behind the goal line.

Gan's touchdown came in the second period after he had substituted for Freed and intercepted a pass in mid-field and ran 50 yards across the goal line. Forker's touchdown came after a sweeping end run, with the ball on the Edinboro nine yard line.

Sweeney And Furbay Score Touchdowns In Game At New Concord, Ohio

EXTRA-POINT DECIDES GAME

(Special To The News)

NEW CONCORD, Ohio, Nov. 14—Westminster College football team from New Wilmington, Pa., provided the thrills for the Muskingum Alumni here Saturday afternoon in the annual Home-Coming day ceremonies by dropping a tough game 7 to 6 to the Muskingum team. A game, an extra-point kick by Mehlhorn gave the Muskies their victory. Muskingum scored their touchdown in the first quarter when Furbay a halfback grabbed a Westminster pass and raced for 65 yards through the Titan team for a touchdown. Mehlhorn kicked the point giving the Muskies the lead at 7 to 0.

Sweeney Scores
Westminster secured their touchdown in the second half of the game when Sweeney slipped around end after a steady march down the field. The Titans were denied an extra-point that would have deadlocked the game when a kick by Hunneke was blocked.

Westminster outgained the Muskingum team with 215 yards to 163 by rushing. The Lawthermen had 13 first downs to four for the Muskingum team. Westminster made good four out of 11 passes while Muskingum completed but one pass. Sweeney, Staples and Arrowsmith were the best bets in the ball carrying department for Westminster, with Dishong, Franklin and Hunneke playing a strong game on the line. For the Muskingum team the work of Furbay, Mehlhorn and McCoy was outstanding.

Just as Muskingum had outplayed the Pennsylvania team in the first half, so did the visitors turn about and show superiority over the Muskies in the entire second half.

Reider And Cuba In Nebraska Tilt

Ostrosky, King And Deacle Play In Two Other Games

BROWN DEFEATS COLUMBIA, 7 TO 6

Nebraska Cornhuskers upset the dope bucket Saturday when they held the Panthers of Pitt to a scoreless tie. It was the third time in four games on the Nebraska grid that the Cornhuskers held Pitt to a scoreless deadlock. Two local boys, Captain Paul Reider, right halfback, and Paul Cuba, left tackle, played with the Panthers.

While this game was going on Tus McLaughry, former grid star and also coach at Westminster, watched his Brown Bears upset Columbia 7 to 6 at New York. After being on the short end 6 to 0, Brown marched down the field 80 yards in the last period to win. Brown so far remains unbeaten this season.

Carnegie Tech travelled to Cincinnati to defeat Xavier 15 to 0. Ostrosky, former New Castle high griddler, played right end for the Plaid eleven. King of Ellwood City and Deacle of Sharpsville alternated at fullback when W. & J. outplayed Bucknell 14 to 0 at Washington.

Coach Harvey Harman and his assistant, Alec Fox, former red and black stars and two of the sweetest players Pitt has had, sent Penn against Ohio State at Columbus, O., and Penn lost 19 to 0.

The cost of heating just one trolley car in Connecticut during the winter months is equivalent to the cost of heating a 10-room house during the same period.

Swagger and belted styles with high necklines are approved for raincoats.

Brown-Colgate Grid Leaders

Only Ten Teams Of Cham-
pionship Ranking Left
In Nation Today

MICHIGAN-AUBURN ALSO UNDEFEATED

By DAVIS J. WALSH
International News Service Sports
Editor

NEW YORK, Nov. 14.—Seven weeks ago, it was anybody's football season, the race was open like an auctioneer's door and the field knew no limit. But this has been a year in which developments have been very uncouth, meaning not at all couth, and today only ten teams of championship ranking, Auburn, Brown, Colgate, Michigan, Pitts-
burgh, Purdue, Southern Cal-
ifornia, Tennessee, Texas Christian and Vanderbilt, remain unscathed, meaning anyhow not too greatly scathed.

Brown-Colgate Lead

Four of them, Pittsburgh, Purdue, Texas Christian and Vanderbilt, have been tied, in fact, by teams that have no enduring status in a national championship field. Two of them, Tennessee and Vanderbilt, event went out of there on Satur-
day and tied each other, just to complicate a situation that ought to be down at a Chinese laundry right now, getting itself ironed out. Two more, Brown and Pittsburgh, should have lost but wouldn't, the former against Holy Cross and Columbia; the latter against several of them, including the Army, Notre Dame and finally Nebraska with its score-
less tie on Saturday.

They, meaning Pitt and Brown, apparently have the faith that moves mountains, although I'm really not an old, experienced moun-
tain-mover and probably wouldn't know about that. Anyhow, both should have lost on Saturday, al-
though this must be said for Brown: It beat another championship con-
tender when it had to, Columbia having many chances to score, Brown only two. The first time, Columbia barely stopped Brown. The next time, it couldn't. Neither could Holy Cross under conditions that were greatly similar.

nary foliage is called chlorophyll.

Filipino Runs Out Of Bout With Fields

Fields Willing To Box But Has
No Foe To Meet
Him

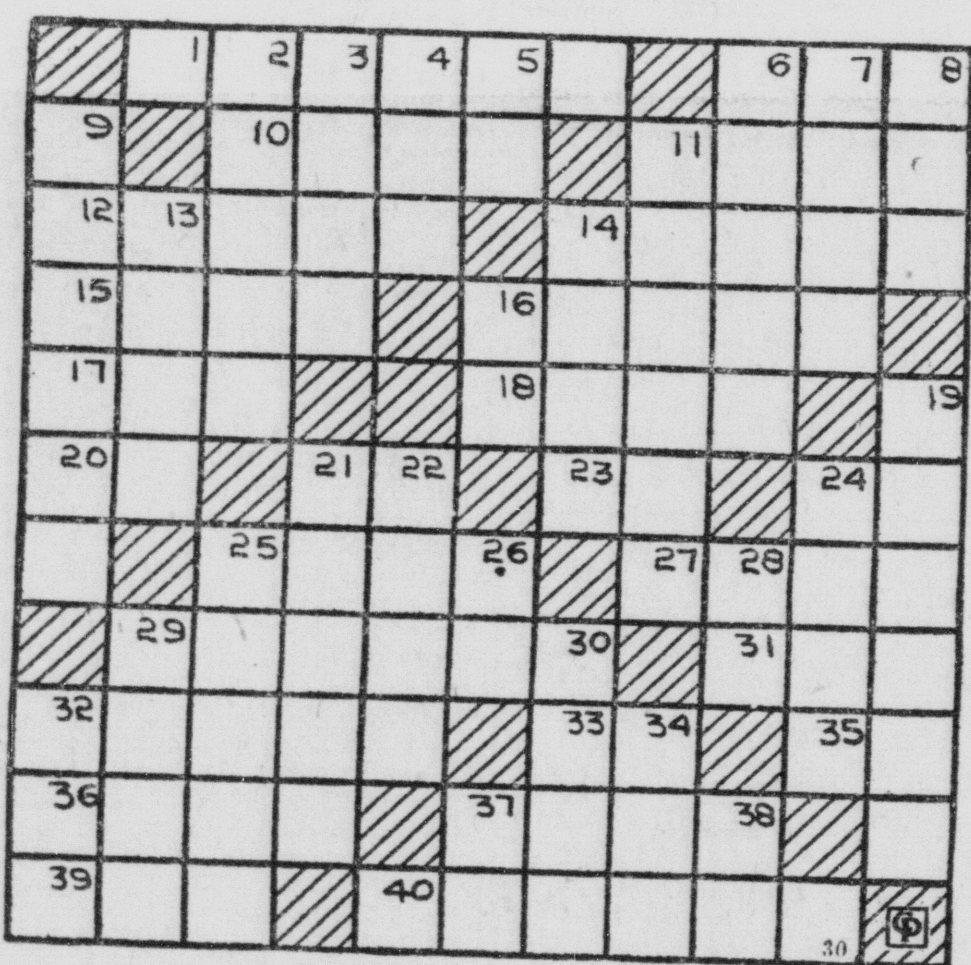

Promoters of the proposed boss Fields—Pancho Linda battle which was scheduled for this city next Friday night today announced the Filipino had taken a "run-out pow-
der" and left the Cleveland boy will-
ing to fight but with no opponent. This means that there will be no fight here Friday night as calen-
dared.

His manager Hugh Shannon of Buffalo offered to send a substitute to take his place but the offer was declined.

As Fields is a southpaw difficulty is encountered by promoters in various cities in securing an opponent.

One of the farm experts says a man needs no more than five acres. Assuming, of course, that he never argues with a locomotive at a cross-
ing.

PRINCIPAL CITES NEEDS OF SCHOOL IN P. T. A. TALK

Rose Avenue Parents Enjoy
Prof. Burton's Message;
Program Given

Seventy-five members of the Rose Avenue Parent-Teachers' association met in the school auditorium for their monthly meeting.

Mrs. C. R. Brenner was in charge of the program.

Frank L. Burton, principal of the Benjamin Franklin junior high school was the guest speaker. His subject was "Attitudes and Aptitudes."

The program follows:

Song—America.

Health Talks—Jane Elliott, Grade 6A; Raymond Ludovici, 6A.

Solos—By Mrs. Charlotte Emery: "By Water Of Minnetawka," Thurlow Lewrance; "The House That Jack Built," by Homer.

Talk—"Attitudes and Aptitudes," Prof. Frank L. Burton.

In talking of attitudes and aptitudes, Mr. Burton said, "those with skill and interests furnish the basis for junior high school work" and it is their business to try to develop these.

Home life, physical conditions, companions, parents' attitude toward school, and attitude of public all tend to affect attitudes. A happy relationship between the school and home is essential.

A short business meeting, in charge of the president, Mrs. E. L. Davenport, followed.

It was decided to have a membership drive and members were divided into two groups, one in charge of Mrs. Charles Irwin, chairman of membership committee and the other led by Mrs. Hogan.

The next meeting will be held on December 8.

The discussion group of the organization held a short meeting before the regular meeting held Thursday.

Mrs. Scott McEntire was discussion leader.

Water Turnouts Are Costly To County

County commissioners are endeavoring to have state engineers use more care in marking turnouts for water courses on their blue prints. These turnouts are often expensive to the county, as they frequently divert water over valuable land.

Commissioners believe that it would save the taxpayers considerable money if the engineers who draw the plans would go over the highways with a view to ascertaining just where water turnouts would do the least damage. Often a comparatively short change in the location of turnouts would save the county considerable money.

COUNTY SHOE STOCK

IS RUNNING LOW

Stock of shoes on hand at county relief headquarters is running low as a result of the rejection of bids for 1200 pairs of shoes. The bids, it was found, were not in compliance with specifications. The county is to re-advertise for bids.

Some News, Some Views, But
Mostly Just Observations
Of Interesting Things
Around New
Castle.

Pants buttons seem to be coming back in lieu of currency. At least the legion lads found it so Saturday in checking the receipts of poppy day. The boxes carried by the poppy girls brought some odd things out. Pants buttons, car checks, slugs, but no beer checks.

One customer handed the girl a dollar bill and she shoved it into the box. Then he wanted 80 cents change back. And got it after shaking the box until the top nearly came off.

For a pretty football game, we'll take that one Saturday out at Taggart field and let you match it. It was a smart game, with New Castle playing the best football this engineer has seen in many a day.

After seeing practically every football game New Castle has played since 1918 this corner of the paper goes on record as saying that this year's team is just about the smoothest piece of machinery of the lot. Perhaps it hasn't got quite the power of the teams of 1924 and 1925, it may not have the dazzling brilliancy shown by some stars of other years, but for all around 11 men team work, for workmanlike playing and for real football this year's team ranks first.

That one 90-yard run Saturday by Uram was an example of what we mean. Had there been a couple of stars and the balance just football men, Johnny would have made about 30 yards. As it was he breezed over the line for a touchdown, thanks to ten other football players who took out the opposition. And perhaps you noticed, every Youngstown man was on the ground before the run was over.

That's football. And in passing out the laurels this year, we'll serve on a committee to crown the chump who wants to hand any more than a fair share to any one man. Remember this, no backfield man ever got away unless he had a line in front of him that could open up the holes and take out the opposition.

Some day we're going to form a lodge to be known as the Anti-Backfield Applauders. The average fan sees a backfield man get away and immediately wants the band to strike up "Hail the Chief." And all the time the line is in there taking a goshawling lacing just so the backfield man can get through.

Not that this backfield isn't a thing of beauty. It is, and it is run by a quarterback who knows his parsnips. But, customers, those line men this year are the kind that don't have a coach waking up in the middle of the night with a cold sweat. They have that certain something.

Shenango high school was the victim of an ironic fate Saturday. After winning every game they faltered before a rejuvenated Evans City team and came out on the short end of a 6-0 score. Twice a Shenango player scored but each time the ball was brought back. Once the referee's whistle blew the ball dead as the boy was going over.

A tough game to lose but a lot of other favorites have tripped this season. The entire season has been shot through with victims of queer football and Shenango was the victim of circumstances.

This is a suggestion to the Kiwanis club. The McLaughry, coach of the Brown university team this year, is a former member of the New Castle Kiwanis club. Next Saturday Brown plays Colgate for what is expected to be the eastern championship. A telegram to old Tuss wishing him luck wouldn't hurt his feelings.

One more sign of winter. A flock of wild ducks—or were they wild geese—flying south Saturday. And smart birds that they were, flying at an altitude that defied guns. They flew in line like a squadron of planes in tandem formation.

SCHOOL BOARD TO

MEET WEDNESDAY
